sahilkumaraugust2001@gmail.com

K.R Puram, Bangalore

## EDUCATION

### B.Tech (CSE)

Aravali institute of technical studies,  
Udaipur, Rajasthan

2023-2026

### Diploma (EE)

Aravali institute of technical studies,  
Udaipur, Rajasthan

2020-2023

## SKILLS

- JavaScript, python
- ReactJs, HTML, CSS
- NodeJs, REST APIs
- MySQL, AI, Machine Learning
- Git/Github, VS Code

## LANGUAGE

Hindi

English

## About Me

I'm a final-year B.Tech student skilled in React, Python, AI, data science, and full-stack development. I focus on creating high-performance, scalable applications by blending strong frontend and backend engineering practices.

## EXPERIENCE

### ML intern - Digisoftnet software Solutions

Worked on developing and optimizing machine learning models for real-world applications, gaining hands-on experience in AI, ML, and data-driven solutions.

## PROJECT

### VisionGuard AI – Real-Time Anomaly & Threat Detection System

Built an AI-powered computer vision model using CNNs and transformer-based architectures to detect anomalies (fire, intruders, accidents) from CCTV streams in real time. Integrated FastAPI-based backend for live alerting and dashboard analytics. Showcased expertise in CV, deep learning, edge processing, API development, and system optimization.

## CERTIFICATIONS

- University of maryland**  
Ai and Career Empowerment
- AI Webix**  
Professional certificate in Advance Python
